

Certificate of Completion

Presented By
Society of American Military Engineers
Tulsa Post

This certifies that

was in attendance at the Tulsa SAME monthly post meeting on April 14, 2015 at the Tulsa District Corps of Engineers Office in Tulsa, OK. This program covered technical issues relevant to the engineering profession as outlined below. Speakers may double the PDHs for their topic.

Speaker: Wade Anderson & Kathryn White, USACE Dam Safety Production Center

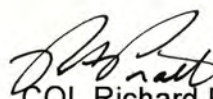

Topic: Presentation included an overview of the engineering and design associated with the Pine Creek Dam Modification project. The presentation will include a description of Pine Creek Dam, dam performance issues and concerns, features of the Dam modification to reduce risks from the dam, and status of ongoing construction.

The Tulsa District construction project will include installation of a 125-foot-long cutoff wall, a 48-foot-long chimney filter, a 110-foot-wide invert filter, and 550-foot-long, 12-foot-diameter steel conduit liner.

The presentation was sponsored by Excellence Engineering, Inc – David Rader.

Total PDH Credits: 0.75 PDH's
