

# Certificate of Completion

**Presented By**  
**Society of American Military Engineers**  
**Tulsa Post**

This certifies that

---

was in attendance at the Tulsa SAME monthly post meeting on Oct 28, 2014 at the Tulsa District Corps of Engineers Tulsa, OK. This program covered technical issues relevant to the engineering profession as outlined below. Speakers may double the PDHs for their topic.

**Speaker:** Todd Wang LTC (Ret.), PE, Program Manager CH2MHILL

**Topic: Fargo Morehead Flood Control Project**

Mr. Wang provided a presentation on Split Delivery Plan for Fargo Moorhead Metro Area Flood Diversion Project. Goal is to complete in a fast schedule saving millions of dollars and reducing flood risk to the public and infrastructure. The presentation highlighted the project sponsors' roles and their preference for the Split Delivery Plan because it will reduce the cost to taxpayers, risk to population and total project costs. The construction of the diversion channel will be provided by local sponsors from the outlet to the inlet and the Corps constructs the southern embankment and dam portion of the project. Sponsors will finance their construction using a public-private partnership structure (DBFOM).

The program was sponsored by Meshek & Associates.

Total PDH Credits: 0.75 PDH's
